PROJECTS

Collage Student Healthcare Request System

- Developed a web application using the MERN (MongoDB, Express.js, React.js, Node.js) stack to facilitate Collage students' requests for free treatment at the college hospital.
- The system streamlined the process of submitting requests to the Head of Department (HOD) for approval.

Personal Portfolio Website

- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript to showcase my skills, projects, and professional experience.

Flipkart Clone

- Developed a replica of the Flipkart e-commerce platform using HTML and CSS to practice frontend web development skills and mimic the user interface and design of the original website.

Quiz Application

- Developed a feature-rich web application using the MERN (MongoDB, Express.js, React.js, Node.js) stack to enable teachers to create, manage, and share quizzes efficiently.
- The system allows teachers to generate quizzes based on PDF content and specific topics, providing a streamlined approach to quiz creation.
